

#Challenge 11

Implementation of how tos page in my project.

```
88 <div id="services">
89   <div class="container">
90     <h1>My Services</h1>
91     <div class="servicelist">
92       <div>
93         <i class="fa-solid fa-code"></i>
94         <h2>Student Portfolio Development</h2>
95         <p>Assist students in creating a
96           comprehensive online portfolio that showcases
97           their academic achievements, projects, and
98           skills. Provide guidance on structuring content,
99           selecting relevant projects, and crafting
100          compelling personal statements.</p>
101       </div>
102       <div>
103         <i class="fa-solid fa-crop"></i>
104         <h2>Skill Development Webinars</h2>
105         <p>We can help you in organizing webinars on in-demand
106           skills relevant to students' fields of study.
107           Cover topics such as coding for websites, design tools,
108           project management, and soft skills to enhance
109           their employability.</p>
110       </div>
111       <div>
112         <i class="fa-brands fa-app-store"></i>
113         <h2>Online Presence Audit</h2>
114         <p>Conduct a comprehensive audit of students
115           online presence, including social media
116           profiles. Provide recommendations on
117           optimizing privacy settings and ensuring
